Local Highlights Transport & Connectivity

Stafford benefits from excellent rail links: direct services to Birmingham, Manchester and further afield via connections at major hubs.

The M6 motorway is close by, giving convenient road access to cities across the Midlands and the North.

Local bus networks connect the suburbs (including Marston Grange) to Stafford town centre, the railway station, and neighbouring areas.

Schools & Education

Staffordshire County Council operates a school transport scheme for eligible pupils—families can apply via the council for assistance.

The North of Stafford strategic development plans include new primary schools as the area grows, which may benefit future residents close to Marston Lane and Taylor Wimpey's expansion zones.
Stafford Borough Council

For independent schooling, Stafford Grammar School offers transport services for pupils from the surrounding area (including Cannock and Stafford suburbs).

Nature, Green Spaces & Attractions

Astonfields Balancing Lakes is a local nature reserve on Stafford's north-east edge. The site consists of lakes, reedbeds, woodland margins and walking/cycle paths, making it a peaceful retreat close by.

Kingsmead Marsh is another protected green space, preserved as a local nature reserve and rich in wetland flora and fauna.

Culture and heritage are on offer in town: The William Salt Library, in Eastgate Street, is a Georgian building housing Staffordshire's printed history and archives — a draw for history lovers and researchers.

For visitor appeal and weekend days out, check out Stafford Castle, Shugborough Estate, and Cannock Chase, all within reasonable driving

distance.

Development & Growth

The local area is part of Stafford's wider expansion plans. A new estate north of the town, between the A34 and Marston Lane, is planned to include homes, primary schooling and "local centre" amenities.

In the Burleyfields area, development has been active, including new housing and plans for a new primary school starting construction in early 2025.

Anti-Money Laundering & ID Verification

Once an offer is accepted on a property marketed by Open House Estate Agents Staffordshire, we are legally required to carry out identity verification and anti-money laundering checks on all purchasers. Ongoing monitoring is also conducted throughout the transaction until completion.

To complete these checks, we use Landmark's secure verification platform. This process confirms your identity and source of funds in line with current regulations. It is important to note that this is not a credit check and will have no impact on your credit rating.

The cost of the verification is £30.00 including VAT per buyer. This fee is payable in advance once an offer has been agreed and before a Memorandum of Sale is issued. The charge is non-refundable.

By proceeding with your purchase, you agree to these checks being carried out as required by law.
